EDUCATION BACKGROUND

Shaanxi Normal University

Sep 2024 – Present

M.S. in Basic Psychology, Xi'an, China

- **Average Score:** 90.29/100; **Advisor:** Prof. Zhiyuan Liu;

Honors: Outstanding Graduate Student (2024, 2025); First-Class Scholarship (2025).

Shanghai Normal University

Aug 2018 - Jun 2022

B.S. in Applied Psychology; B.A. in English, Shanghai, China

- **GPA:** 3.77/4.00; **Rank:** 6/60; **Advisor:** Prof. Wen He;

- **Honors:** Professional Scholarship (2018-2021); Outstanding Undergraduate (2022).

- **Awards:**

Provincial-level National College Student Innovation and Entrepreneurship Project (2019);

First Prize, Shanghai Division, National College Student Art Exhibition (2020);

Second Prize, College Academic Vocabulary Competition (2020).

PUBLICATIONS & MANUSCRIPTS

**Equal contribution.*

Liu, S., Li, S., Jiang, H., Yin, L., **Xu, Y.**, Liu, Z., & Guo, X. (2025). Subjective value-weights on benefit and risk in human neurocomputation changes between conservative and risky decision-making. *NeuroImage*, 322, Article 121546. <https://doi.org/10.1016/j.neuroimage.2025.121546>

Shi, S.*, **Xu, Y.***, Ding, T., Liu, S., Liu, Z., & Guo, X. Altered intrinsic connectivity in default mode and somatomotor networks in adolescents with ADHD: A neuroimaging meta-analysis. (Under third-round review of *European Child & Adolescent Psychiatry*).

Liu, Z., **Xu, Y.**, Yin, L., Liu, S., & Guo, X. Think Twice: How Deliberation Influences Risk Decision-Making in a Prospect Theory Drift Diffusion Framework (Under first-round review of *Journal of Experimental Psychology: General*).

Liu, S.*, **Xu, Y.***, Liu, S., Liu, Z., & Guo, X. Simplified or Distorted Information Processing? A Cognitive Computational Investigation of How Time Pressure Affects Risky Decision-Making (Under first-round review of *Acta Psychologica Sinica*).

CONFERENCE

Xu, Y., Liu, S., & Liu, Z. (2025). *The Mechanisms of Risky Decision-Making Based on Deliberation: Evidence from Behavioral Computational Modeling*. Oral presentation at the 26th National Academic Conference of Psychology, Jinan, Shandong, China.

RESEARCH EXPERIENCE

Graduate Research

Apr 2024 - Present

A Neuroimaging Cohort Study on Brain and Cognitive Development in Children

- Collected resting-state and task-based fMRI data from children across a broad age range.
- Conducted a meta-analysis of resting-state functional connectivity in ADHD and TD children.

Computational Modeling and Neural Mechanisms of How Regret Influences Risky Decision-Making

- Assisted in collecting EEG experimental data.
- Modeled risky decision-making by integrating Prospect Theory with the Drift Diffusion Model.
- Performed data analysis, visualization, manuscript drafting, and revision.

The Influence of Information Processing Order on Green Consumption Decision-Making and Nudging

- Host the project, designed experiments, and collected behavioral and EEG data.
- Analyzed behavioral and EEG data using cognitive modeling.
- Performed data analyses, visualizations, manuscript drafting, and revision.

WORKING EXPERIENCE

Ningbo General Union Co., Ltd.

Jun 2022 - Jun 2024

Business Assistant, Europe and America Division, Ningbo, China

- Managed the whole workflows of international trading including business negotiation, production etc.
- Supported market- and customer-specific product customization for customers.
- Contributed to USD 1.26M in annual business volume in 2023
- Recognized as one of Market Union Co., Ltd. Top Ten Outstanding Youths of 2023.

SKILLS

Research and analysis: R, MATLAB, Python, JASP, SPSS, E-Prime; Psychopy; meta-analysis.

Productivity: Adobe Audition, digital content production.

Languages: Mandarin Chinese (native); English (CET-6: 626).

SERVICE & ACTIVITIES

Choir

Jun 2019 - Present

Boyue Choir of SHNU; Ningbo Choir; Xi'an Zhuque Chamber Choir

Student Organizations

Jul 2019 - Jun 2020

Student Union and Campus Press Corps, Shanghai Normal University
